Val Kogan
President
Mid-Atlantic Russia Business Council
1760 Market Street
Suite 1100
Philadelphia, PA 19103

Dear Mr. Kogan:

On behalf of the University City Science Center, I would like to express our support of the Russian- American Innovation Technology (RANIT-BIO) Week, hosted by the Mid-Atlantic Russia Business Council.

We are delighted to welcome the Russian delegation of entrepreneurs, scientists, venture capitalists, and established corporations within the U.S. and Russian technology industries to Philadelphia June 23-24, 2011. We hope that successful business collaborations will be developed as a result of their visit.

Established in 1963 and headquartered in Philadelphia, PA, the Science Center was the first, and remains the largest, urban research park in the United States. The Science Center accelerates technology commercialization, regional economic development, and the market availability of life-enhancing scientific breakthroughs by bringing together innovations, scientists, entrepreneurs, funding, laboratory facilities, and business services.

The Science Center has established key innovative partnerships with research institutions, entrepreneurs, industry leaders, and economic development organizations across the tri-state region of Pennsylvania, New Jersey and Delaware. Our Global Soft Landing program has attracted companies from Belgium, China, France, Germany, Singapore, Spain and the United Kingdom. Building on decades of proven performance, we continue to move technology out of the lab and into the marketplace more rapidly and effectively than ever, helping bring the benefits of science to the region and the world.

We look forward to working with the Mid-Atlantic Russia Business Council to support the RANIT-BIO Week in Philadelphia.

Warm Regards,

Stephen S. Tang, Ph.D.
